Blood Cancer United

Rhode Island Blood Cancer Support Group

For blood cancer patients, caregivers, family & friends

The group will address specific issues related to a blood cancer diagnosis and will provide an opportunity for attendees to discuss concerns, anxieties, feelings related to illness, treatment, and other related issues. The meetings are designed to provide mutual support and education to members by meeting with others whose situations are similar to their own. They are a resource to support coping, in conjunction with your or a loved one's medical treatment.

There is no charge to participate in this group, but pre-registration is required.
